

## Floydfest 9: Breaking Ground Healing Arts Volunteer Application

2010 Healing Arts Village sponsored by:  
The Blue Ridge School of Massage and Yoga  
July 22-25, 2010

The Healing Arts Village bodywork is always such a wonderful experience. Plus it gives you the opportunity to enjoy hours and hours of great music throughout the rest of the festival. We'd love to have you join our team!

Our volunteer positions are mostly for massage therapists who want to work three hours per day ticket-12 hours for a full weekend pass. Most work is backstage massage on staff members, performers, and VIPs. All equipment is provided. If we are overstaffed in this area, you may be asked to help with other healing art village tasks which you will be pre-informed about. (BRSMY students- you mostly work the village chair area)

I try to accommodate time restrictions including music you might really want to see. So here is a place to write down any time preferences. Understand that this is no guarantee. Even the schedule I create before the festival is somewhat tentative due to last minute changes that seem to always occur. Please be as specific as possible about timing and reasoning.

Festival is rain or shine. If you are applying, I assume you are committed to being there to work. Be aware that working backstage does not give you free reign backstage. You are only allowed back for the duration of your work time. There are no backstage meal privileges. Applications are due by June 1st. Please also include a copy of your certification or licensure. (BRSMY students exempt) If you have any questions whatsoever, please email me: Elisha: shamvara@yahoo.com

Please mail application to: Blue Ridge School of Massage & Yoga
